Mr. Everett O. Dow  
Loudon, New Hampshire

Dear Mr. Dow:

You have requested an opinion as to the legality of Article 8 as contained in the warrant of the school district of Loudon for the year 1952.

It is our opinion that the article as written is not legally sufficient to permit the placing of funds in a building fund which would be established under the provisions of Laws of 1947, chapter 8 which amended chapter 160 of the Revised Laws by adding thereto section 1-a. Further, it is our opinion that State aid, so-called, is to be used for current expenses of a school district and thus to reduce local taxes.

I am returning herewith the copy of the school warrant which you left for my consideration.

Very truly yours,

Henry Dowst, Jr.,  
Assistant Attorney General
